

NURSING:PARAMEDIC ASSOCIATE IN SCIENCE

ADMISSIONS GUIDE

ABOUT THE PROGRAM

Getting your nursing degree from SPC's Evelyn W. Jerger Nursing Program means you've made a solid career choice. With 2.7 million jobs, registered nursing makes up the largest health care field in the United States. With many nurses retiring and an aging population, Florida could face a critical nursing shortage in the coming years. We reserve six seats for paramedics to enter the program.

ADMISSIONS REQUIREMENTS CHECKLIST

(Meeting minimum requirements does not guarantee admission)

- ☐ Students must successfully complete all pre-entry requirements within three attempts in accordance with St. Petersburg College Board Procedure: P6Hx23-4.15. Transfer credits, course substitutions, and course withdrawals count as attempts. Withdraw with Refund (WR) grades are not considered.
- ☐ Students must meet the [Technical Standards](#) with or without accommodation(s). Please contact the Health Education Center Accessibility Services office to set up a confidential consultation at (727) 341- 4141 or visit www.spcollege.edu/accessibility.

*St. Petersburg College is committed to equal access/equal opportunity in its programs, activities, and employment.
For additional information visit www.spcollege.edu/eaao*

- Pre-Entry course requirements must be completed with a minimum grade of “C” and earn a minimum 2.75 GPA on a 4.00 scale. The following courses are used to calculate the pre-entry admission GPA.

The following courses must be completed by the application deadline:

- BSC 2085/2085L - Human Anatomy and Physiology I and Lab
- BSC 2086/2086L - Human Anatomy and Physiology II and Lab
- ENC 1101 or approved Communications Core (May be satisfied by an Associate in Arts or higher degree)
- Computer/Information Literacy Competency (May be satisfied by an Associate in Arts or higher degree) no minimum grade, not calculated into the pre-entry admission GPA

At least two of the following courses must be complete with a “C” or better by the application deadline. For the one remaining course, you must currently be enrolled at SPC (summer term for fall admission, fall term for spring admission, spring term for summer admission) and complete the course with a “C” or better to maintain program eligibility.

- MCB 2010/2010L - Microbiology and Microbiology Laboratory
- POS 2041 - American National Government or (POS 2041H)
 or AMH 2020 - History of the United States II or (AMH 2020H)
 or AMH 2010 - History of the United States I or (AMH 20100H) – fall 2024 or thereafter
- STA 2023 – Elementary Statistics or (Honors)

- Earn a 2.75 minimum GPA on a 4.0 scale in the science pre-entry course requirements: BSC 2085, BSC 2085L, BSC 2086, BSC 2086L, MCB 2010, and MCB 2010L.
- ATI TEAS Test – Completed and posted to your SPC transcript within 12 months prior to the Nursing Program application deadline (see ATI TEAS test window dates page 1). Find out how to register and request a transcript for the [ATI TEAS Test](#). Retakes are based on ATI’s minimum standards retake policy.
 - To confirm posted scores: Login-MySPC > My Academics > View Unofficial Transcript > Test Scores
- Submit the **Health Programs Application** for the Associate in Science in Nursing Program at <https://web.spcollege.edu/hec/application/apply>
 - Applicants are permitted to apply to one track only per application cycle.
 - Preference for desired track will be presented only to students offered admission as follows:
 - Morning theory schedule
 - Afternoon theory schedule
 - For more course schedule details, see **Program Information** on page 6
 - Complete **Video Interview and Work Experience** submission by application deadline; see **Application Confirmation Email** bullet below for instructions.
 - **Application Confirmation Email**: Immediately after application submission, applicants will receive an email confirmation to their SPC xxxxxx#@live.spcollege.edu email account which will provide instructions on next steps including how to submit the Video Interview and Healthcare Work Experience Survey form ([How do I Access My SPC Email](#)). **These next step items are due by the application deadline.**

***Transcripts/Transfer Credit:** [Submitting Official Transcripts](#)

- Transcripts must be received and evaluated by St. Petersburg College prior to the application deadline to ensure consideration. Please allow 10 business days.
- We do not accept unofficial copies or unsealed official copies.
- International students, please refer to [Submitting Official Transcripts](#)
- Transcripts for course credit earned by exam(s) (e.g., AP, CLEP) must be provided from the originating testing agency.
- **If you have submitted updated transcripts from one institution, please verify that your most recent coursework is evaluated and posted to your SPC record.**

***Alternative Satisfaction**

- Transfer courses for which there is no direct SPC equivalent will be posted as elective credit and designated with a number ending in "999"; additionally, upper division (300/3000 level or higher) transfer credits do not automatically post to your SPC record.
- Upper division coursework (transfer or SPC) will not automatically satisfy admission requirements; it must be requested by the student.

If you believe a course posted as an elective should satisfy a degree requirement, or you would like an upper division course be used to satisfy a lower division course, please complete the [Alternative Satisfaction Survey](#)

A copy of your transcript from the former institution and a course syllabus will be required.

*All transcript/transfer credit questions can be directed to [Academic Advising](#)

- * To confirm posted credits: Log into MySPC > My Academics > View Unofficial Transcript > Other/Transfer Credits

Selection Criteria

Due to enrollment limitations, meeting minimum requirements does not guarantee admission. When the number of eligible applications exceeds program availability, selective criteria is used to determine which applicants are offered admission. The College of Nursing determines which applicants will be offered admission utilizing the point values outlined below:

Points will be assigned as follows:

NURSING APPLICATION POINTS TABLE	
PRE-ENTRY REQUIREMENT ADMISSION GPA: points awarded for <u>ONLY ONE GPA</u> range	POINTS
3.7 to 4.0 = 15 points	
3.5 to 3.699 = 13 points

MAXIMUM AVAILABLE NURSING APPLICATION POINTS	85

If you are admitted, applicants will need to immediately begin and complete the following pre-enrollment requirements to maintain eligible status.

- Complete the Notice of Intent (NOI) survey by the date indicated in the admission email. Track preference selection is included in the NOI, candidates on the Alternate list must submit an Alternate NOI survey for consideration if a seat becomes available.
- Successfully pass a [background check and drug screening](#) by the date indicated in the admission email. (Completion required within 2 weeks following the admission offer)
- Attend the mandatory Health Education Program orientation on the date indicated in the admission email. Please clear your calendar so you are available to attend if you are offered admission; Fall term – mid July, Spring term – mid November, Summer term – mid April.
- Complete the Health Examination Form, all details will be provided during the Nursing Orientation.
- Candidates on the Alternate list must follow instructions and deadlines provided in their admission email to maintain eligibility for possible admission. If you are not notified of being moved from the alternate list to that admit list, a new application will be required during the next appropriate application period.
- If admission offer is declined by the student, a new application will be required during the next appropriate application period; applications do not rollover to future terms.

Admission emails will be sent through SPC student email (xxxxxx#@live.spcollege.edu)

If you are not sure how to access your SPC student email, please visit [How do I Access My SPC Email](#)

Work Experience Criteria

The work history criteria is designed to identify applicants with recent and relevant experience in the healthcare field, particularly those who have engaged in direct patient care and interaction. This experience demonstrates a basic understanding of the responsibilities and communication skills essential for success as a nursing student. Additionally, it highlights a commitment to the healthcare profession and a foundational knowledge that can support academic and clinical success.

This applies to RN, LPN-to-RN, and Paramedic-to-RN applicants

Program Information

Clinical facilities may prohibit students who do not have an assigned social security number from participating in clinical experiences which are a mandatory component of the curriculum. If other clinical placement options are not available, students would need to withdraw from the respective semester and would not be able to progress in the nursing program; applicants must take these factors into consideration prior to pursuing admission to the nursing program.

IMPORTANT: Students may be assigned to clinical facilities in Pinellas, Hillsborough, or Pasco counties and must have reliable transportation. Scheduled days for all Nursing courses may vary by term as indicated below:

OPTION FOR PARAMEDIC FLEX SCHEDULING

In order to be eligible for Flex Scheduling, the student must work for the Fire Department, and have a 24 hours on and 48 hours off regular shift. Paramedics from any other setting are ineligible for the flex scheduling option at SPC.

- The student must be able to attend at least 2/3 of all scheduled instructional time, which includes on-campus lab, simulation and clinical (including on-campus clinical).
- No other absences are allowed.
- Clinical rotations are randomly assigned and may be at any of our partner facilities in Pinellas, Pasco, or Hillsborough counties. Clinical is usually a 10-hour day, one day per week.
- On clinical days, the student must be available from 6am to 5:30pm. Many of our partner facilities require students to be present for morning report, which takes place between 6 and 6:30am.
- Paramedics must ensure that they are not scheduled to work the night before their clinical day because it is essential that students are alert and well rested in order to deliver safe, effective care to patients.
- Students are expected to arrive to clinical, simulation and lab on time.

While the flex scheduling option allows the student to miss 1/3 (total) of instructional time including lab activities, clinical (including on-campus clinical) and simulation time, the 24/48 shift rotation does not fit in perfectly with the busy academic schedule of the ASN program.

- The student will need to negotiate approximately five days off per semester with the Fire Dept. Chief, or swap shifts with coworkers in order to meet the requirement to attend 2/3 of scheduled instructional time. Students must be aware of this before applying for the program.
- The student must supply their Fire Department work schedule to course faculty and level academic chairs on or before the first day of each new semester.
- The schedule must be validated by the student's supervisor at the Fire Department with contact information and signature.
- The validated schedule MUST be provided on or before the first day of class in order to be granted a flex schedule.
- If a validated work schedule is not submitted on or before the first day of class, the student will not be eligible to follow a flex schedule.
- If there is any change during the semester, the student is required to inform the faculty immediately and provide a new, validated work schedule.
- The College of Nursing reserves the right to revoke the flex schedule if the student is placed on academic probation.

Note: Nursing: Paramedic Track - follow traditional morning or afternoon theory schedule, other tracks are not available for Paramedic-ASN Track students.

Accessibility Services

St. Petersburg College is committed to providing quality education and services to all students by ensuring that admission, academic programs, support services, student activities, and campus facilities are accessible to and usable by qualified students with disabilities. Each specific health program has its own technical standards which all students must meet with or without accommodation(s). To help students achieve success, Accessibility Services works with students, faculty, and staff to coordinate the provision of reasonable accommodations. To put your accommodations in place, please contact the Health Education Center Accessibility Services at (727) 341-4141 or visit <http://www.spcollege.edu/accessibility>
